

Introducing the Autobag® 800S™ Wide-Bagging System – The most technologically advanced bagging system for extra-large bag packaging

The new Autobag® 800S™ bagger is uniquely designed to provide enhanced productivity for large-bag packaging applications up to 559 mm wide. This system features a breakthrough bag-opening technology that securely grips and holds the open bag in place, creating a large, square opening (up to 279 mm x 279 mm) that allows for easy loading of large products and multiple items.

State-of-the-art engineering has resulted in a system that is inherently safe. The Autobag 800S eliminates the need for bulky guarding or devices required for safe operation. The unobstructed access makes loading ergonomic and improves operator throughput. This open design also makes the 800S highly compatible with Autobag and third-party counters, scales and infeeds.

When used with genuine Autobag pre-opened bags-in-a-box, the Autobag 800S ushers in the next evolution of high-quality, reliable and flexible wide-bag packaging, backed by the industry's most comprehensive engineering and field service network.

Markets Served

- Aerospace & Defence
- Apparel & Accessories
- Automotive
- Electronics
- Commercial Laundry
- Hardware & Fasteners
- Healthcare
- Hobby & Craft
- Toys
- Household Products
- Personal Products
- Pet Products

Programmable pass-through up to 279 mm for maximum flexibility

Simple bag threading for easy changeover to keep production lines running smoothly

Minimal guarding provides unobstructed access to the open bag

Features and Benefits

Extra-Large Bag Sizes

Capable of running bags up to 559 mm wide for bulky products and packaging multiple items into a single bag

High-Quality Seals

Coordinated seal flattener for wrinkle-free seals

Continuous Film Control

A sophisticated tension-control unit centres and monitors the position of the film throughout the entire bagging process

Compact

Compact footprint minimises floor space

Flexible

Easily integrates with automation equipment and existing production lines

Breakthrough Technology

Advanced bag-opening system enables more product to be placed into a bag, creating less waste

Easy Loading

Modular bag-storage shelf speeds up bag changeovers

Intuitive Interface

AutoTouch™ Control Screen accesses operator tutorials, help system, on-board diagnostics, data retrieval and performance monitoring. It features menu or graphic-based selection options

Optional Additions

- Rear Takeaway Conveyor
- Side Exit Takeaway Conveyor

Technical Information

Weight	299 kg
Electrical	110/220 VAC switchable 50/60 Hz, 1,800 watts continuous, 20 amp
Air Feed	5 CFM/80 psi of clean, dry air
Pass-Through	Up to 279 mm
Bag Thickness	27.7 – 102 µm
Bag Sizes	W 254 to 559 mm L 254 to 914 mm
Weight Capacity	Up to 4.5 kg (with load shelf)

System-Matched Bags
